RESPONSE TO NOTICE TO FILE MISSING
PARTS OF APPLICATION

BOX: MISSING PARTS
The Honorable Commissioner of
Patents & Trademarks
Washington, D. C. 20231

Sir:

This document and the materials transmitted herewith are being submitted in response to Notice to File Missing Parts of Application mailed from the United States Patent and Trademark Office on September 15, 1998 (hereinafter "the Notice").

The Notice indicates the absence of an oath or declaration for the above-captioned application.

A. Remarks

The above-captioned application is, however, a continuation application under 37 C.F.R. § 160 of prior application Serial No. 481,169 that was filed on June 7, 1995 (hereinafter the "Parent Application").

The intended status of the above-captioned as a continuation application is reflected in the caption of every document filed in the United States Patent and Trademark Office contemporaneously with the above-captioned application. The claim of priority to the Parent Application is also recited in the Transmittal for Continuation Application dated August 25, 1998.

As a result of the status of the above-captioned application as a continuation application, no new oath or declaration is required relative thereto. As a result, the materials filed with the above-captioned application were intended to include copies of documents from the prosecution of the Parent Application relative both to the oath or declaration and to qualifying the above-captioned application as an application under 37 C.F.R. § 1.47. It is believed by the undersigned that this intention was effected, although the Certificate of Mailing by "Express Mail" that accompanied the above-captioned application failed by inadvertence to list those particular documents.

Out of an abundance of caution, however, those documents are being resubmitted at this time along with an appropriate late surcharge fee and a copy of the Notice.

Nonetheless, the undersigned respectfully requests that a careful search be conducted among the documents in the files of the United States Patent and Trademark Office specifically to verify that those documents were in actuality not received with the above-captioned application. Should those documents be discovered as a result, then it is respectfully requested that the amount of the fee enclosed herewith be credited as an overpayment to Deposit Account No. 23-3178 of the undersigned.
